SMIRK Contest

The SMIRK QSO party will be held from 00Z June 16 through 24Z June 17. Contacts must be on 6m only, voice and/or CW. This is a Single Operator ONLY contest. One need not be a SMIRK member to take part. Exchange is call-sign, SMIRK number if the station worked has one, and grid. Scoring is 1 point for each completed contact, 2 points if the station worked provides a SMIRK number. All contacts must be by natural propagation; no contacts using repeaters or any manmade device for relaying transmissions are allowed. The 50.150 rule has been eliminated. Log forms are available from and must be postmarked no later than August 1, 2007 to AA5XE, Dale Richardson, 214 Palo Verde Dr., Kerrville, TX 78028 USA or from <http://www.smirk.org>

May 2007 DX Reports

The following reports of 50 MHz DX propagation are courtesy of JA1VOK, YO7VS, XE2HWP, G4UPS, W5UWB, VE7SKA and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

Listings obtained from the OH2AQ reflector include distances in kilometers. These are determined preferentially from the grids in the post, and otherwise from one or both of the prefixes of the calls. Note that the latter results in VERY rough approximations to the distances, especially for large countries and call areas.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2007. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, D=Telemetry Data, J=Digital, typically JT6M or JT65A for EME, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only.

JA1VOK informs us that the following two reports in our April issue were bogus.
